REMARKS.

1. No Student should enter the Sub-Freshman Class of either course until fully up with it.

2. All students should take one of the above courses, and pursue it regularly; but those not wishing to do so, are permitted to select such subjects as they are competent to study, and can recite with regular classes provided that they pass the entrance examination in Arithmetic, Elementary Algebra, English Grammar. Geography, and United States History.

3. In the Scientific Course, students can take Music instead of German.

4. All the students are required to attend the Worship of God in the chapel daily, and to recite a Bible lesson weekly. Students in the Classical and Scientific Courses will study select portions of the Scriptures, in addition to the usual text books on Moral Philosophy and the evidences of Natural and Revealed Religion. The President will give frequent lectures on manners, morals and religious duties, intended to train the students to the life of Christian ladies and gentlemen. All who do not reside with their parents are required to attend public worship and Bible class, in some church, on the Sabbath. Students' prayer meetings are maintained and well attended. The Student's Christian Union, an association of Students and Professors, for the promotion of their spiritual welfare and the cause of Christ in the College, holds regular monthly meetings on the first Sabbath of each month. The Faculty regard it as an important part of their work to labor for the moral and spiritual welfare of the student.

5. The degree of A. B. is conferred on students who complete and pass satisfactory examinations in the Classical Course.

The degree of B. S. is conferred on students who complete and pass satisfactory examinations in the Scientific Course.

A certificate of attainments will be given to those who complete and pass satisfactory examinations in the English Course.

PREPARATORY DEPARTMENT.

The special object of this department is to prepare students thoroughly for entering the Freshman Class. Experience has taught educators the importance of careful preparation, under competent instructors, for the higher work in the College Classes. In this department, all the studies pursued have direct reference to the more extended course which

follows. No time is thus wasted in studies which do not lay a sufficiently broad and firm foundation for the higher work. *Thorough preparation insures successful College work.*

Parents can send their sons and daughters here with perfect confidence that they will be cared for, and placed in course of training IN THE ESSENTIAL BRANCHES, which will prepare them for the Freshman Class.

ADVANTAGES.

All advantages in the way of Libraries, Literary Societies, Museum, Lectures, and other features of the College are open to students in this Department.

CONTROL.

The Preparatory Department is under the superintendence of the President and Faculty, and the special supervision of the Principal. The instruction is given by the regular Professors in the College, and not by tutors.

ATTENDANCE.

To secure the full advantage of the above course, the students should enter at the beginning of the Collegiate year, and remain until its close. Students should be present at every recitation. Tardiness is a ground for censure; and absence without permission or reasonable excuse is a ground for dismissal.

REPORTS.

A report of the work and attendance of each pupil will be made at the end of each term, to his parents or guardian. Special reports will be made oftener at the request of the parent or guardian.

HONORARY COURSE.

An Honorary Course of Reading in American History and Literature has been adopted for students in the Preparatory Department. Any student who has an average monthly grade of 8.5 in each study, may pursue this course.

LITERARY SOCIETY.

The Ciceronian Literary Society gives the students of the Preparatory Department an opportunity for practice in parliamentary usage and for literary improvement outside of their regular work.

ENGLISH DEPARTMENT.

There are many young men and women who have not the time, means, or inclination at present, to pursue a thorough course of training, who nevertheless desire a good English education coupled with the advantages of college associations. For this worthy class we have provided the best facilities possible in our

ENGLISH COURSE.

The course of study is full, and calculated to create a desire, in the student pursuing it, for future study and higher training. Its design is

to furnish a practical education, and to prepare young men and young women for business. It furnished the teachers in our common schools a favorable opportunity to prepare themselves for higher and better positions. The *Third Term* affords teachers who have taught during the Fall and Winter terms, and others wishing to prepare for regular College Classes, excellent facilities for REVIEWING the *Common School branches.*

ADVANTAGES.

All the resources, and facilities contributing to the other courses are available in this course. The instruction is superintended and given by persons who have made teaching a profession and who on this account are able by example as well as precept to assist and direct the pupil.

ENGLISH COURSE.

In the first year, English Course, the text books are: Arithmetic, Thomson's Complete; United States History, Barnes'; English Grammar, Swinton's. In the other classes of this course the text books are the same as those used in the Preparatory and Collegiate Departments.

V. SPECIAL COURSE.

I. The Special Course includes nine departments, in any one or more of which a student may graduate with Honors, first or second, according to the attainments made. These Honors are in no sense competitive. As many as complete the prescribed course receive them.

The departments of the Special Course are as follows:

II. 1, Christian Ethics; 2, Philosophy; 3, Natural Science; 4, English Literature; 5, Mathematics; 6, Greek Language and Literature; 7, Latin Language and Literature; 8, French and German; 9, History.

III. No student will be admitted as a candidate for First Honors later than the beginning of the second term of the Sophomore year, except that in Philosophy the candidate may be admitted at the close of the Junior year; nor, for the second, later than the beginning of the first session of the Junior year.

IV. No student will be admitted to examination for Honors unless the average of his recitations and examinations in each subject the term preceding shall be 8.5.

V. In general, not exceeding one-half as much matter in addition to the amount required in the ordinary course, in any of the above departments must be mastered in order to a second Honor; and an amount equal to that required in the ordinary course in order to a first Honor.

VI. Honor examinations will be held the first week of each vacation, Senior included, at which candidates for the degree of A. B. or B. S. may present themselves; and those passing in any subject of any Department shall be credited with the same. In case of every candidate, the result of all the examinations will determine the Honor attained.

VII. Alumni may in like manner present themselves for examination in any of the Departments named above, at any Honor examination, and those passing in any subject will be credited with the same.

VIII. The result of all these examin ations will be entered on the College Register and publicly announced.

MUSIC DEPARTMENT.

The Department of Music, under the charge of Prof. S. H. Price, affords facilities for the study of this subject seldom found in an institution of this character.

A regular course of instruction has been arranged in this Department, which can be taken at the option of the student, instead of German in the Scientific Course, tuition for Music being extra.

A regular course of instruction will be given on Piano and Organ, and an excellent opportunity afforded for the study of the classic authors Any one wishing to study harmony and counterpoint can be accommodated. For instrumental Music the charge for a course of twenty lessons is $18.

The course in Vocal Music is under the charge of Dr. J. B. Herbert, who has had great success as a director of conventions and as an instructor of voice culture. He also enjoys a national reputation as an author of such works as "Chapel Anthems," "Male Quartette and Chorus Book," "The Elite," etc.

Special Regulations.

I. The requirements for admission to the several classes are fully stated in the outline of the different courses. Candidates for advanced standing must furnish satisfactory evidence of proficiency in all the previous studies of the course they propose to take. No student of known immoral character, or whose influence is likely to be injurious to good order will be admitted. Applicants for admission, unknown to any member of the Faculty, should bring certificates of good moral character.

II. The Statutes of the College, Chapter II, Section 3, provide that "No student shall be permitted to enter at a later period of the course, than the commencement of the first session of the Senior year." The spirit of this law, in the judgment of the Faculty, requires at least one full year's attendance of a student on the exercises of the College in order to graduation. *Under no Circumstances* will this rule, as thus interpreted, be relaxed while the above statute remains unrepealed.

III. The Senate has adopted the following as an additional chapter to the College Statutes:

"SECTION 1. All persons matriculating shall be regarded as students, and on payment of the required fees shall be entitled to all the privileges of the College.

SEC. 2. Connection with the college is terminated by graduation or dismissal, honorable or otherwise.

SEC. 3. The privileges of the student shall be suspended in all cases of failure to pay the required fee and attend on instruction: *provided*, however, that the following privileges, namely, that of examination with his classes, active membership in the societies, representing societies and classes on public performances, and the use of the Library and Reading Room, may be granted to students temporarily absent, for a period not exceeding one year, on written permission from the Faculty, and the payment of two dollars per term.

SEC. 4. All persons enjoying any of the above privileges shall be subject to College discipline, the same as if in actual attendance."

The Faculty judge the attendance of a student on the exercises of the College at least three-fifths of any year as necessary to complete satisfactorily the work of the year, and, therefore, will not, under ordinary circumstances, grant leave of absence, with the privilege of examination without recitation, during any one year, exceeding four months. Any one being examined without having recited with the class, will be required to pass an examination doubly extensive. The Faculty are unwilling to grant leave of absence to any Senior. Seniors should be in attendance the entire year.

IV. There are during the year public exhibitions of the College Classes as follows: Of the Junior class in May, and the Sophomore in November. These exhibitions are held on such evenings and in such places as the Faculty may appoint.

V. At the meetlng of the Senate in June, 1874, the following was added to the Statutes of the College as Section 4 of Chapter xiii: "It shall be unlawful for any student of the College hereafter to become a member of any secret College Fraternity, or to connect with any chapter of any such fraternity, and also for any active member of such fraternity to be admitted as a student of this college."

VI. In regard to marking, grading and examinations, the following principles have been adopted:

1. Each recitation is marked on a scale of 10; ordinary excellence being indicated by 9, extraordinary by 10; these marks are averaged in each subject, monthly, and entered on the Monthly Record. The actual attendance is marked on the same scale, and entered on the same record. To be marked 10 in attendance, on the Monthly Record, the student must have been actually present at every roll-call of his class during the month.

2. Each class is examined on each subject as soon as completed, the examination of each student is marked on the same scale and entered on the Annual Record. To pass, the student must answer correctly at least 70 per cent. of all questions asked him. No student is credited with any subject until he has been examined and passed in it. The average of the marks received for all the recitations and for the examination, in any subject, determines the student's grade in that subject

3. The Grand Average of the marks received in all the subjects in which the student has been examined and passed with his class during the year, and of the marks for attendance during the same time, determines the student's rank in his class. This is entered on the Annual Record.

4. No student is promoted from a lower class to a higher, whose deficiencies exceed what may be made up in one year by a single recitation daily.

5. The Salutatory and the Valedictory, on Commencement Day, are delivered, the former by the Senior Scientific, the latter by the Senior Classical who ranks highest.

6. In order to secure thoroughness in the elementary subjects, each College class will be required to pass a special examination, after a review conducted by a Professor, in Geography, Arithmetic, and English Grammar. To pass in these subjects the students must make an examination grade of 8. The terms during which these reviews and examinations will take place are indicated in the "Course of Study."

VII. Reports are sent to parents or guardians at the close of each term. The President should be notified of every case where report fails to come within ten days after the close of the term.

VIII. The statutes expressly forbid the students to use intoxicating drinks as a beverage, or play cards, to frequent drinking, gambling, or billiard saloons, or improper places of resort of any kind. The Faculty judge places of amusement, commonly called "*balls*" and "*dances*" to be improper places of resort for students.

IX. Students are requested to notify the President before changing their place of boarding.

X. Ladies and gentlemen are admitted to all the privileges of the College on the same footing.

Additional Information.

LIBRARY.

The College Library contains about two thousand volumes. *The County Library and Reading Room is open to all the Students Free of Charge in the Room.* This is one of the best established, selected and conducted Libraries in the West. It contains between eleven and twelve thousand volumes. Also, eight hundred volumes are added yearly. The Reading Room is well furnished with papers and periodicals.

APPARATUS.

An extensive Philosophical and Chemical Apparatus affords the means for a satisfactory illustration of the most important principles in the various departments of Astronomy, Natural Philosophy and Chemistry; and opportunity is furnished for the students in Chemistry in Laboratory practice. Important additions have recently been made to the Apparatus; one of Joseph Zetmayer's Histological Microscopes with accessories has been procured; and the College has imported through J. W. Queen & Co., of Philadelphia, a fine Toepler-Holtz Electrical Machine.

CABINET.

The College Cabinet contains a large assortment of Coins, Geological Specimens and other articles of interest, collected by Dr. Barnett in Palestine and Egypt; a Geological collection donated by the State, a valuable assortment of minerals presented by Rev. T. D. Davis, of Camp Point; a large variety of Corals; a valuable collection of Chinese Curiosities, the gift of Rev. J. C. Nevin, of California, and a cast of the famous Tanis stone presented by Rev. Dr. Lansing of Cairo, Egypt; and additions are being made continually.

LITERARY SOCIETIES.

There are five Literary Societies in the Institution—the *Philadelphian, Eccritean, Amateur des Belles Letters, Alethorian*, and in the Preparatory Department—the *Ciceronian.*

In connection with these the students enjoy all the advantages which such Societies are designed to furnish. The *Philadelphia* and *Eccritean* Societies are controlled by the young men of the College. The regular literary meetings are held each Friday evening of the term, The *Amateur des Belles Letters* and *Alethorian* Societies are under the management of the young ladies, Their regular meetings are held each Friday afternoon at four o'clock. These societies have commodious and well furnished halls. Each is provided with a piano, and each has a well

selected library which is *free* to the members. The volumes in these libraries aggregate over sixteen hundred. The Parliamentary drill and literary practice which these Societies furnish, supplemented by the class room and personal training of the Elocutionary Department, are of great advantage to the student.

COLLEGE PAPERS.

Of these Monmouth College has two. The *Courier*, published monthly, was founded in 1867. The *Collegian*,, issued semi-monthly, was established June, 1881. These are edited by the students, and thus another field for literary training is thrown open. Both papers are free from debt and self-sustaining.

ELOCUTION.

This elegant art on a Scientific basis is taught throughout the year, as a part of the curriculum, by a thoroughly competent teacher. Very few institutions East or West can furnish better facilities for cultivating the power of expressing thought. If it be true that we think in language it is of the utmost importance we speak the language in which we think. Otherwise our ideas, though clearly thought out, are not expressed. Through a vicious intonation, accent, or inflection they have miscarried and we are misunderstood.

The regular course of instruction, including personal training for all public exhibitions required of the students by the College, is furnished without extra expense to the student. In addition to this, should any student desire special instruction, it can be had at a very moderate cost.

SOCIETY PRIZE CONTESTS.

The *Eccritean* Society has three annual contests among its own members, viz: A Declamation contest, prize, $5.00; an Essay contest prize, $5.00: and an Oration contest, called the McKelvey Oration contest, prizes, $10.00 and $5.00.

The *Philadelphian* Society has two annual contests among its members, viz: A Declamation contest, prizes, $5.00 and $3.00; and an Oration contest, called the Elliott-Cleland Oration contest, prizes, $10.00 and $5.00.

The *Aletheorean* and *Amateur des Belles Letters*, the ladies' societies, have similar contests.

STUDENT'S LECTURE COURSE.

Under the auspices of the PHILADELPHIAN LITERARY SOCIETY the following lectures have been given in the College chapel: Lew Wallace, "Turkey, its Customs and Manners." Mary A. Livermore, "The Boy of To-day." A. P. Burbank, Recitations and Impersonations. George R. Wendling; "Saul of Tarsus." J. B. McMichael, "The Inertia of the Mind." Joseph Cook, "The Labor Problem." These lectures were well patronized and have furnished students attending College here excellent opportunities for entertainment and instruction of the right kind, at very little cost.

The ECCRITEAN LITERARY SOCIETY is now arranging to furnish a similar course of lectures during the coming year.

GOVERNMENT.

It is the aim of the Faculty to secure good order and diligence in study by force of moral and religious principles, rather than by direct exercise of authority. Those who persist in neglecting their studies, or pursuing disorderly courses, or in exerting an evil influence, will not be permitted to remain in College.

EXPENSES.

Collegiate Department—

First Term,	$12.00
Second and Third Terms, each,	9.00
Martriculation Fee,	5.00
Incidental Expenses, per annum, ($1 per month)	10.00
For Chemicals, to be paid by students in Chemistry, per term,	2.00

Preparatory—

First Term,	$10.00
Second and Third Terms, each,	7.00
Incidental expenses, per annum, (80 cents per month),	8.00

The incidental fee is intended to meet the expenses of the College not included in the salaries of the Professors and Instructors.

For instrumental Music (Piano, Violin, Guitar, etc.,) the charge for a course of twenty lessons is $18.00

Instruction in Penmanship is given in the Preparatory and Sub-Freshman classes and in the English Course without extra charge.

There is no extra charge for Modern Languages.

The payment of all College dues is required in advance.

Boarding in private families, including lodging and fuel, has, during the past year, ranged from $3.25 to $4.00 per week. Many students board themselves at a cost of $2.53 per week.

The actual figures received from one of the stewards of the Eureka club, as to cost of living at that institution, are as follows:

For provisions per week,	$ 1.25
For cooking per week,	50
For fuel and light per week,	13
For room rent per week	65
Total per week,	$ 2.53
For College year of 39 weeks,	$ 98.67
For tuition per annum,	30.00
For incidentals,	10.00
For washing, liberal estimate,	20.00
For text-books,	11.00
Total necessary expenses,	$169.67
In the Preparatory $8.00 less,	$161.67

A ladies' boarding hall on the above system has been successfully conducted during the year. Actual figures—exhibiting the total cost of

the year to be $168.89 or 78 cents less than the above statement—demonstrate the wisdom and economy of the experiment.

To those who club, pay the lowest rates, and the highest rates in private families the cost per annum is as follows:

For board, fuel, room and light, - -	$ 98.67 to	$126.75 to	$156.00
For tuition and incidentals, - -	40.00 to	40.00 to	40.00
For washing, estimated from - -	12.00 to	15.00 to	20.00
For text-books, - - - - - -	8.00 to	12.00 to	15.00
Total, - - - - - - -	$158.67	$193.75	$231.00

In the Preparatory, the cost is $8.00 per annum less for tuition and incidentals than in the College. When a student becomes a member of a College Literary society, he pays an initiation fee of $5.00; and when he enters the Freshman class, a marticulation fee of $5.00. Books will average about $11.00 per annum, except during the Junior and Senior years when the cost becomes greater.

The cost of clothing and traveling, and the private incidental expenses of a student are not included. They will depend largely upon the habits of the student. Clothing need cost but little, if anything, more in College than out.

EXAMINATIONS.

Each class is examined in each book or subject when completed. These examinations may be either oral or in writing, and it is intended that they shall be thorough and complete.

SESSIONS AND VACATIONS.

The present College year will close on Commencement Day—Thursday, June 23d. The first session of the Thirty-second College year will open on Tuesday, September 6th, and close on Thursday, December 22d. The second session will open on Monday, January 9th, and close on Thursday, March 30th. The third session will open on Monday, April 10th, and close on Thursday, June 22d. The summer vacation will continue about two months, the winter about two weeks, and the spring about one week.

Monmouth contains about six thousand inhabitants, and is situated at the junction of the Main Line and the St. Louis Division of Chicago, Burlington & Quincy Railroad, and also of the Central Iowa. It is easy of access from every direction. It contains flourishing churches of various Evangelical denominations.

HONORS.

The following persons received the Honors of the Class of '86:
In the Classical Course—T. H. McMichael, First Honor.
In the Scientific Course—Kate Oliver, First Honor.

Through the liberality of Dr. Wallace, the use of *Two Tickets* to the Warren County Library is given to the two students making the highest grade in the Junior Class—one in the Classical and the other in the Scientific Course. R. W. McGranahan and D. E. Waid have been the recipients of the above during the year.

The Class of '85 has left with the Faculty a ticket to the Warren County Library, as its memorial, the use of which, during the Junior year, is to be given to the student making the highest grade in the Sophomore class. R. A. Acheson has been the recipient of this ticket during the year.

At the Annual Commencement held June 17th, 1886, the following degrees were conferred:
